Ahsan Shaheer

GAME DEVELOPER

About me

I'm a passionate software engineer and 2D game developer with experience in designing and developing interactive games and creative user experiences. I enjoy solving complex problems through code and continuously learning new tools and technologies. Currently pursuing a BS in Software Engineering at NFC-IET Multan.

Work Experience

Game Developer

PixelForge Studios Jan 2024 – Present

Designing and developing 2D games using Godot, focusing on gameplay mechanics, animations, and performance optimization.

Game Development Intern

Softverse Technologies Jun 2023 – Dec 2023

Contributed to mobile game development by implementing UI elements, fixing bugs, and creating interactive gameplay features in GDScript.

Junior Game Developer

Logic Loop Solutions Aug 2022 – May 2023

Assisted in building browser-based games using JavaScript and Phaser, while supporting testing, debugging, and client feedback integration.

Education

BS Software Engineering

2022 – 2026 (In Progress)

NFC Institute of Engineering & Technology, Multan

Intermediate (ICS)

2020 – 2022

City College, Multan

Matriculation (Science)

2018 – 2020

Comprehensive Higher Secondary School, Multan
